- (v) A public holiday occurring on an ordinary working day shall be allowed to employees without loss of pay; provided that an employee who is required to and does work on a public holiday shall have one day or one half day, as appropriate, added to his/her period of annual leave and be paid at the rate of one half time extra for the time actually worked. Such payment is in lieu of any additional rate for shift work or weekend work which would otherwise be payable had the day not been a public holiday. In lieu of adding to annual leave under this paragraph an employee may elect to be paid for the time actually worked at the rate of time and one half in addition to his/her ordinary weekly rate. Where payment is made in lieu of leave in respect of time worked on a public holiday, payment shall be made for a minimum of four hours work, and any balance of the day or shift not worked shall be paid at ordinary rates. For employees who work less than five days per week, when a public holiday occurs on a day of the week on which an employee regularly works, that employee shall be entitled to observe the public holiday without loss of pay, ie. the employee's roster must not be changed to avoid payment of the public holiday.
- (vi) To the leave prescribed by subclause (iv) of this Part there shall be added one working day for each public holiday or one-half working day for each half public holiday which occurs on what would have been an ordinary working day during a period of annual leave.
- (vii) For the purpose of this Part of this clause the following are to be public holidays, viz., New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Queen's Birthday, Local Labour Day, Christmas Day, Boxing Day and any other day duly proclaimed and observed as a public holiday within the area in which the employee's usual workplace is situated.
- (viii) In addition to those public holidays prescribed in subclause (vii) of this Part, there shall be an extra public holiday each year. Such public holiday will occur on the August Bank Holiday or a date which is determined by the public hospital or public health organisation following consultation with the Association. This subclause shall apply in substitution for any additional local public holiday or half public holiday proclaimed in a local government area.

- (ix) In this Part, ordinary pay, for the purposes of sick leave and annual leave, shall be calculated on the basis of the average weekly ordinary hours worked over the 12 months' qualifying period.
- (x) Employees engaged under this Part shall be entitled to all other benefits of this Agreement not otherwise expressly provided for herein in the same proportion as their ordinary hours of work bear to full-time hours.
- (xi) Where a permanent part-time employee has been rostered to work any additional shift and is subsequently notified by the employer with less than 24 hours notice that the shift has been cancelled, the employee shall be entitled to payment of four hours pay at ordinary time, ie. at the employee's base rate of pay.
- (xii) A part time employee may elect to increase their contracted hours to reflect the average of the actual hours worked per fortnight in the preceding 12 month period (except in circumstances where the part time engagement has been specifically for the purpose of temporarily backfilling a position where the substantive occupant has been on extended leave). The employer will not unreasonably withhold agreement to this request.
- (xiii) A part time employee may elect to convert to full time status. The employer will not unreasonably withhold such agreement to this request.

- (vi) Where a casual employee has been notified by an employer of a time to commence an engagement and that engagement is subsequently cancelled by the employer with less than two hours notice the casual employee must be paid a minimum payment of two hours calculated at the rate which would have applied had the cancellation not occurred.
- (vii) A casual employee must not be required to work more than 12 consecutive hours unless the casual employee consents to do so.

B. Casual Conversion

- (i) The objective of this subclause B, Casual Conversion, is for the employer to take all reasonable steps to provide its employees with secure employment by maximising the number of permanent positions in the employer's workforce, in particular by ensuring that casual employees have an opportunity to elect to become full-time or part-time employees. These provisions arise from the Secure Employment Test Case 2006.
- (ii) A casual employee engaged by a particular employer on a regular and systematic basis for a sequence of periods of employment under this Agreement during a calendar period of six months shall thereafter have the right to elect to have his or her ongoing contract of employment converted to permanent full-time employment or part-time employment if the employment is to continue beyond the conversion process prescribed by this subclause.
- (iii) Every employer of such a casual employee shall give the employee notice in writing of the provisions of this sub-clause within four weeks of the employee having attained such period of six months. However, the employee retains his or her right of election under this subclause if the employer fails to comply with this notice requirement.
- (iv) Any casual employee who has a right to elect under paragraph (ii), upon receiving notice under paragraph (iii) or after the expiry of the time for giving such notice, may give four weeks' notice in writing to the employer that he or she seeks to elect to convert his or her ongoing contract of employment to full-time or part-time employment, and within four weeks of receiving such notice from the employee, the employer shall consent to or refuse the election, but shall not unreasonably so refuse. Where an employer refuses an election to convert, the reasons for doing so shall be fully stated and discussed with the employee concerned, and a genuine attempt shall be made to reach agreement. Any dispute about a refusal of an election to convert an ongoing contract of employment shall be dealt with as far as practicable and with expedition through the disputes settlement procedure.
- (v) Any casual employee who does not, within four weeks of receiving written notice from the employer, elect to convert his or her ongoing contract of employment to full-time employment or part-time employment will be deemed to have elected against any such conversion.
- (vi) Once a casual employee has elected to become and been converted to a full-time employee or a part-time employee, the employee may only revert to casual employment by written agreement with the employer.
- (vii) If a casual employee has elected to have his or her contract of employment converted to full-time or part-time employment in accordance with paragraph (iv), the employer and employee shall, in accordance with this paragraph, and subject to paragraph (iv), discuss and agree upon:
 - (a) whether the employee will convert to full-time or part-time employment; and
 - (b) if it is agreed that the employee will become a part-time employee, the number of hours and the pattern of hours that will be worked either consistent with any other part-time employment provisions of this Agreement or pursuant to a part time work agreement made under Chapter 2, Part 5 of the Industrial Relations Act 1996 (NSW).

Provided that an employee who has worked on a full-time basis throughout the period of casual employment has the right to elect to convert his or her contract of employment to full-time employment and an employee who has worked on a part-time basis during the period of casual employment has the right to elect to convert his or her contract of employment to part-time employment, on the basis of the same number of hours and times of work as previously worked, unless other arrangements are agreed between the employer and the employee.

- (viii) Following an agreement being reached pursuant to paragraph (vii), the employee shall convert to full-time or part-time employment. If there is any dispute about the arrangements to apply to an employee converting from casual employment to full-time or part-time employment, it shall be dealt with as far as practicable and with expedition through the disputes settlement procedure.
- (ix) An employee must not be engaged and re-engaged, dismissed or replaced in order to avoid any obligation under this subclause.

PART III - TEMPORARY EMPLOYEES

- (i) A temporary employee is one engaged for a set period not exceeding 13 weeks, provided that fixed term contracts of employment, whether for periods greater or lesser than 13 weeks, must not be offered in preference to ongoing contracts unless they are necessary to meet the genuine operational requirements of the employer, which may include but not be limited to parental leave, limited term funding arrangements, long term leave relief, forthcoming service reductions, and anticipated peak demand times.
- (ii) A temporary employee shall be paid in addition to all rates and allowances to which the said employee is entitled under this Agreement, an allowance equal to 10 per centum of the rates prescribed for his or her classification by clause 8, Salaries, of this Agreement, provided that this subclause shall cease to apply upon:
 - (a) the said period of engagement being extended after the said period of 13 weeks;

Such payment is in lieu of any additional rate for shift work or weekend work which would otherwise be payable had the day not been a public holiday.

In lieu of adding to annual leave under this paragraph an employee may elect to be paid for the time actually worked at the rate of time and one half in addition to his/her ordinary weekly rate. Where payment is made in lieu of leave in respect of the time worked on a public holiday, payment shall be made for a minimum of four hours work, and any balance of the day or shift not worked shall be paid at ordinary rates.

- (d) Where a public holiday falls on a rostered day off of a shift worker as defined in clause 3, Definitions, and who receives four weeks annual leave in accordance with paragraph (b) of subclause (i) of this clause, such shift worker shall be paid one day's pay in addition to the weekly rate or if the employee so elects shall have one day added to the period of annual leave.

Additional annual leave accrued under subclause (xi) attracts shift allowances and weekend penalties relating to ordinary time the employee would have worked if he or she had not been on annual leave.

- (2) as a full time and/or permanent part time employee with any authority as prescribed in the *Transferred Officers Extended Leave Act 1961*, as amended. In this instance, such service must meet the provisions of transfer prescribed in that Act.

- (b) Service shall not include-

- (1) any period of leave without pay except in the case of employees who have completed at least ten years service (any period of absence without pay being excluded therefrom) in which case service shall include any period of leave without pay not exceeding six months taken after the 12 March 1975;

- (2) any period of part-time service arising from service under Part IV, Savings Provisions, of clause 29, Part-time Casual and Temporary Employees, except as provided for in subclause (x).

- (iii) An employee with an entitlement to long service leave, may elect to access their entitlement:

- (a) on full pay, or
(b) on half pay, or
(c) on double pay.

- (iv) When an employee elects to access their long service leave entitlement the following amounts of long service leave are to be deducted from the employee's long service leave entitlement:

- (a) for each period of long service leave taken on full pay – the number of days so taken,
(b) for each period of long service leave taken on half pay – half the number of days so taken,
(c) for each period of long service leave taken on double pay – twice the number of days so taken.

This election is made on the basis that superannuation contributions for an employee who is a member of the State Authorities Superannuation Scheme or the State Superannuation Scheme will only be made for the period of the long service leave actually taken, i.e. contributions will be made at the single time rate.

It is emphasised that the accessing of long service leave on the basis of either (a), (b) or (c) above is made by the employee's voluntary election.

- (v) If a public holiday occurs while an employee is taking long service leave, and but for the taking of the long service leave the employee would have worked, the amount of long service leave to be deducted is to be reduced by the public holiday.

- (vi) Long service leave shall be taken at a time mutually arranged between the employer and employee.

- (vii) When a licensed private hospital becomes a public hospital and an employee of the private hospital thereupon is employed by the public hospital such employee, for the purpose of calculating service for long service leave shall be deemed to have served in the industry of nursing for a period equal to 75

per cent of the actual continuous service with the employer in the private hospital immediately prior to the hospital becoming a public hospital.

- (viii) Full pay shall mean the Agreement salary without any deduction for accommodation and/or board; provided that an employer shall be entitled to make such deduction for accommodation as is authorised by clause 38, Accommodation and Board, if the employee having been requested by the employer to leave his or her room completely vacant during the period of long service leave, fails to do so.
- (ix) (a) On the termination of employment of an employee otherwise than by his or her death, an employer shall pay to the employee the monetary value of all long service leave accrued and not taken at the date of such termination, unless the employee elects to transfer his or her leave entitlement in accordance with NSW Health Policy Directive No. PD2006_096 Staff Mobility, as amended from time to time.
- (b) Where a worker dies and any long service leave:
- (1) to which the worker was entitled has not been taken, or
- (2) accrued upon termination of the services of the worker by reason of the worker's death and has not been taken,'
- the employer shall upon request by the worker's personal representative pay to the worker's personal representative in full the ordinary pay that would have been payable to the worker in respect of the long service leave less any amount already paid to the worker in respect of that leave
- (x) An employee shall be entitled to have previous part-time service which is the equivalent of at least two full days' duty per week taken into account for long service leave purposes in conjunction with full-time or permanent part-time service on the basis of the proportion that the actual number of hours worked each week bears to 38 hours, provided that the part-time service merges without break with the subsequent full-time or permanent part-time service.
- (xi) All employees employed under Part I – Permanent Part-Time Employees of Clause 29, Part-Time, Casual and Temporary Employees of this Agreement, will have such service counted for accrual of long service leave entitlement after 30 June, 1986. Such service shall include the average of all hours worked (excluding overtime) in each year of service or part thereof and include paid leave taken; in any year or part thereof in which leave without pay is taken, the period of leave without pay shall not be included for the purposes of the averaging calculation.

This calculation shall be carried out for each year of service on the employee's anniversary date of employment, and an appropriate entry made into the employees records.

However, in recognition that data on the number of hours worked (excluding overtime) may not exist for all the periods of service after 30 June 1986, if there is a lack of data the employer is to calculate the long service leave entitlement as follows:

- (a) In the first instance, Health Services should utilise all existing records to determine the average of all hours worked (excluding overtime) and including paid leave taken for each year of service;
- (b) If the data to determine the number of hours worked (excluding overtime) is not available prior to the employee's 2000/2001 anniversary date, Health Services are to calculate the long service leave entitlement on the basis of the average of all hours worked (excluding overtime) in each year of service, and including paid leave taken since the employee's 2000/2001 anniversary date.

The resultant average of hours worked per week from application of (a) or (b) above will then be applied over the employee's total period of employment after 30 June, 1986 for which data does not exist to form the basis for calculating payment for the long service leave to be taken by the employee for this period. In this situation the employer shall consult with the employee regarding the lack of data prior to making a final decision that the data does not exist. In any event, for the purpose of this calculation the resultant average of all hours worked is to be no less than the employee's contracted hours for each year of service.

Entitlement and calculation for any period of employment prior to 30 June 1986 shall be determined according to subclause (x) of this clause.

- (xii) Except as provided for in subclause (xiii) of this clause, rights to long service leave under this clause shall be in replacement of rights to long service leave, if any, which at 12 March 1975, may have accrued or may be accruing to an employee and shall apply only to persons in the employ of the employer on or after 12 March 1975. Where an employee has been granted long service leave or has been paid its monetary value prior to 12 March, 1975, the employer shall be entitled to debit such leave against any leave to which the employee may be entitled pursuant to this clause.
- (xiii) The following provisions apply only to employees employed in a hospital as at 12 March 1975:
 - (a) An employee who -
 - (i) has had service in a hospital, to which clause 14, Climatic and Isolation Allowances, applies, prior to 12 March 1975, or
 - (ii) is employed in a hospital, to which clause 14, Climatic and Isolation Allowances, applies as at 12 March 1975:

shall be granted long service leave in accordance with the long service leave provisions in force prior to 12 March, 1975, in lieu of the provisions provided by this Agreement where such benefits are more favourable to the employee.
 - (b) An employee employed -
 - (i) on a part time basis as at 12 March 1975, may be allowed long service leave in accordance with the long service leave provisions in force prior to 12 March 1975, in lieu of the provisions of the *Long Service Leave Act, 1955*, as provided for in subclause (x) of this clause;
 - (ii) on a full time basis as at 12 March 1975 but who has had prior part time service may be allowed to continue to be granted long service leave in accordance with the long service leave provisions in force prior to 12 March 1975, in lieu of the provisions provided by this Agreement where such benefits are more favourable to the employee.
- (xiv) Employees employed under Part II – Casual Employees, Part III – Temporary Employees and Part IV – Savings Provisions of Clause 29, Part Time, Casual, and temporary Employees are entitled to accrue long service leave under the provisions of the *Long Service Leave Act 1955*, as amended, subject to meeting the provisions of that Act.

34. MATERNITY, ADOPTION AND PARENTAL LEAVE

- (i) All eligible employees covered by this Agreement are entitled to the provisions of this clause other than part time employees who receive a part time loading as prescribed by Part IV – Savings Provisions of clause 29 of this Agreement (known as “old part time”), and casual employees.
- (ii) Part time employees who receive a part time loading as prescribed by Part IV – Savings Provisions of clause 29 of this Agreement (known as “old part time”) and casual employees are entitled to parental leave in accordance with the provisions of Part 4, Parental Leave, of the Industrial Relations Act, 1996. The following provisions shall also apply in addition to those set out in the Industrial Relations Act 1996 (NSW).
 - (a) An employer must not fail to re-engage a regular casual employee (see section 53 (2) of the Act) because:
 - the employee or employee's spouse is pregnant; or
 - the employee is or has been immediately absent on parental leave.

The rights of an employer in relation to engagement and re-engagement of casual employees are not affected, other than in accordance with this clause.

- (b) Part time employees who receive a part time loading as prescribed by Part IV – Savings Provisions of clause 29 of this Agreement are entitled to the provisions of Part D Right to Request and Part E Communication During Leave of this clause.

(iii) Liability for Superannuation Contributions

During a period of unpaid maternity, adoption or parental leave, the employee will not be required to meet the employer's superannuation liability.

A Maternity Leave

(i) **Eligibility for Paid Maternity Leave -**

To be eligible for paid maternity leave a full time or permanent part time employee must have completed at least 40 weeks continuous service prior to the expected date of birth.

An employee who has once met the conditions for paid maternity leave will not be required to work again the 40 weeks continuous service in order to qualify for a further period of paid maternity leave, unless;

- (a) there has been a break in service where the employee has been re-employed or re-appointed after a resignation, medical retirement, or after her services have been otherwise dispensed with; or
- (b) the employee has completed a period of leave without pay of more than 40 weeks. In this context, leave without pay does not include sick leave without pay, maternity leave without pay, or leave without pay associated with an illness or injury compensable under the Workers' Compensation Act, 1987.

(ii) **Portability of Service for Paid Maternity Leave -**

Portability of service for paid maternity leave involves the recognition of service in public sector organisations for the purpose of determining an employee's eligibility to receive paid maternity leave. For example, where an employee moves between a public sector department and a public hospital, previous continuous service will be counted towards the service prerequisite for paid maternity leave.

When determining an employee's eligibility for paid maternity leave, continuous service with an organisation that is part of the public sector service as defined in the Public Sector Employment and Management Act 2002 will be recognised, provided that:

- (a) service was on a full-time or permanent part-time basis;
- (b) cessation of service with the former employer was not by reason of dismissal on any ground, except retrenchment or reduction of work;
- (c) the employee commences duty with the new employer on the next working day after ceasing employment with the former employer (there may be a break in service of up to two months before commencing duty with the new employer provided that the new position was secured before ceasing duty with the former employer. However, such a break in service will not be counted as service for the purpose of calculating any prior service prerequisite for paid maternity leave.

(iii) **Entitlement to Paid Maternity Leave -**

- (a) An eligible employee is entitled to fourteen weeks at the ordinary rate of pay from the date maternity leave commences. This leave may commence up to fourteen weeks prior to the expected date of birth.

It is not compulsory for an employee to take this period off work. However, if an employee decides to work during the nine weeks prior to the expected date of birth it is subject to the employee being able to perform satisfactorily the full range of normal duties.

Paid maternity leave may be paid:

- on a normal fortnightly basis; or
- in advance in a lump sum; or
- at the rate of half pay over a period of twenty-eight weeks on a regular fortnightly basis.

Annual and/or long service leave credits can be combined with periods of maternity leave on half pay to enable an employee to remain on full pay for that period.

(iv) **Unpaid Maternity Leave**

- (a) Full time and permanent part time employees who are entitled to paid maternity leave are entitled to a further period of unpaid maternity leave of not more than 12 months after the actual date of birth.
- (b) Full time and permanent part time employees who are not eligible for paid maternity leave are entitled to unpaid maternity leave of not more than 12 months.
- (c) Full time and permanent part time employees may also apply for additional unpaid maternity leave as provided for in subclause (i)(b) of Part D Right to Request of this clause.

(v) **Applications -**

An employee who intends to proceed on maternity leave should formally notify her employer of such intention as early as possible, so that arrangements associated with her absence can be made.

Written notice of not less than eight weeks prior to the commencement of the leave should accordingly be given. This notice must include a medical certificate stating the expected date of birth and should also indicate the period of leave desired.

(vi) **Variation after Commencement of Leave -**

After commencing maternity leave, an employee may vary the period of her maternity leave, once without the consent of her employer and otherwise with the consent of her employer. A minimum of fourteen days' notice must be given, although an employer may accept less notice if convenient.

The conditions relating to variation of maternity leave are derived from Section 64 of the Industrial Relations Act 1996.

(vii) **Staffing Provisions -**

In accordance with obligations established by the Section 69 of the Industrial Relations Act 1996, any person who occupies the position of an employee on maternity leave must be informed that the employee has the right to return to her former position. Additionally, since an employee has the right to vary the period of her maternity leave, offers of temporary employment should be in writing, stating clearly the temporary nature of the contract of employment. The duration of employment should be also set down clearly; to a fixed date or until the employee elects to return to duty, whichever occurs first.

(viii) **Effect of Maternity Leave on Accrual of Leave, Increments etc.**

When the employee has resumed duties, any period of full pay leave is counted in full for the accrual of annual leave, sick leave and long service leave and any period of maternity leave on half pay is taken into account to the extent of one half thereof when determining the accrual of annual leave, sick leave and long service leave.

Except in the case of employees who have completed ten years' service the period of maternity leave without pay does not count as service for long service leave purposes. Where the employee has completed ten years' service the period of maternity leave without pay shall count as service provided such leave does not exceed six months.

Maternity leave without pay does not count as service for incremental purposes. Periods of maternity leave at full pay and at half pay are to be regarded as service for incremental progression on a pro-rata basis.

Where public holidays occur during the period of paid maternity leave, payment is at the rate of maternity leave received i.e., public holidays occurring in a period of full pay maternity leave are paid at full rate and those occurring during a period of half pay leave are paid at half rate.

(ix) **Illness Associated with Pregnancy -**

If, because of an illness associated with her pregnancy an employee is unable to continue to work then she can elect to use any available paid leave (sick, annual and/or long service leave) or to take sick leave without pay.

Where an employee is entitled to paid maternity leave, but because of illness, is on sick, annual, long service leave, or sick leave without pay prior to the birth, such leave ceases nine weeks prior to the expected date of birth. The employee then commences maternity leave with the normal provisions applying.

(x) **Transfer to a More Suitable Position -**

Where, because of an illness or risk associated with her pregnancy, an employee cannot carry out the duties of her position, an employer is obliged, as far as practicable, to provide employment in some other position that she is able to satisfactorily perform. This obligation arises from section 70 of the Industrial Relations Act 1996. A position to which an employee is transferred under these circumstances must be as close as possible in status and salary to her substantive position.

(xi) **Miscarriages -**

In the event of a miscarriage any absence from work is to be covered by the current sick leave provisions

(xii) **Stillbirth -**

In the case of a stillbirth, (as classified by the Registry of Births, Deaths and Marriages) an employee may elect to take sick leave, subject to production of a medical certificate, or maternity leave. She may resume duty at any time provided she produces a doctor's certificate as to her fitness.

(xiii) **Effect of Premature Birth on Payment of Maternity Leave -**

An employee who gives birth prematurely and prior to proceeding on maternity leave shall be treated as being on maternity leave from the date leave is commenced to have the child. Should an employee return to duty during the period of paid maternity leave, such paid leave ceases from the date duties are resumed.

(xiv) **Right to Return to Previous Position -**

In accordance with the obligations set out in section 66 of the Industrial Relations Act, 1996 an employee returning from maternity leave has the right to resume her former position.

Where this position no longer exists the employee is entitled to be placed in a position nearest in status and salary to that of her former position and for which the employee is capable or qualified.

(xv) **Further Pregnancy While on Maternity Leave -**

Where an employee becomes pregnant whilst on maternity leave a further period of maternity leave shall be granted. If an employee enters on the second period of maternity leave during the currency of the initial period of maternity leave, then any residual maternity leave from the initial entitlement ceases.

An employee who commences a subsequent period of maternity leave while on unpaid maternity leave under subclause (iv)(a) of Part A of this clause or subclause (i)(b) of Part D of this clause is entitled to be paid at their normal rate (ie the rate at which they were paid before proceeding on maternity leave).

An employee who commences a subsequent period of maternity leave during the first 12 months of a return to duty for less than full time hours as provided under subclause (i)(c) of Part D of this clause is entitled to be paid at their substantive full time rate for the subsequent period of maternity leave.

An employee who commences a subsequent period of maternity leave more than 12 months after returning to duty for less than full time hours under subclause (i)(c) of Part D of this clause, will be entitled to paid maternity leave for the subsequent period of maternity leave at their part time rate.

B Adoption Leave

(i) Eligibility -

All full time and permanent part time employees who are adopting a child and are to be the primary care giver of the child are eligible for unpaid adoption leave.

To be eligible for paid adoption leave a full time or permanent part time employee must also have completed at least 40 weeks continuous service prior to the date of taking custody of the child.

An employee who has once met the conditions of paid adoption leave, will not be required to again work the 40 weeks continuous service in order to qualify for further periods of paid adoption leave, unless;

- (a) there has been a break in service where the employee has been re-employed or re-appointed after a resignation, medical retirement, or after their services have been otherwise dispensed with; or
- (b) the employee has completed a period of leave without pay of more than 40 weeks. In this context, leave without pay does not include sick leave without pay, maternity leave without pay, or leave without pay associated with an illness or injury compensable under the Workers Compensation Act, 1987.

(ii) Entitlement -

(a) Paid Adoption Leave -

Eligible employees are entitled to paid adoption leave of fourteen weeks at the ordinary rate of pay from and including the date of taking custody of the child.

Paid adoption leave may be paid:-

- on a normal fortnightly basis; or
- in advance in a lump sum; or
- at the rate of half pay over a period of twenty-eight weeks on a regular fortnightly basis.

Annual and/or long service leave credits can be combined with periods of adoption leave at half pay to enable an employee to remain on full pay for that period.

(b) Unpaid Adoption Leave -

Eligible employees are entitled to unpaid adoption leave as follows:

- where the child is under the age of 12 months - a period of not more than 12 months from the date of taking custody;
- where the child is over the age of 12 months - a period of up to 12 months, such period to be agreed upon by both the employee and the employer.

(iii) **Applications -**

Due to the fact that an employee may be given little notice of the date of taking custody of a child, employees who believe that, in the reasonably near future, they will take custody of a child, should formally notify the employer as early as practicable of the intention to take adoption leave. This will allow arrangements associated with the adoption leave to be made.

(iv) **Variation after Commencement of Leave -**

After commencing adoption leave, an employee may vary the period of leave, once without the consent of the employer and otherwise with the consent of the employer. A minimum of fourteen days' notice must be given, although an employer may accept less notice if convenient.

(v) **Portability of Service for Paid Adoption Leave -**

- (a) there has been a break in service where the employee has been re-employed or re-appointed after a resignation, medical retirement, or after their services have been otherwise dispensed with; or
- (b) the employee has completed a period of leave without pay of more than 40 weeks. In this context, leave without pay does not include sick leave without pay, maternity leave without pay, or leave without pay associated with an illness or injury compensable under the Workers' Compensation Act 1987.

(ii) **Portability of Service for Paid Parental Leave**

As per maternity leave conditions.

(iii) **Entitlements**

Eligible employees whose spouse or partner (including a same sex partner) is pregnant or is taking custody of a child are entitled to a period of leave not exceeding 52 weeks which includes one week of paid leave, and may be taken as follows:

- (b) a further unbroken period in order to be the primary caregiver of the child (extended

parental leave).

- (c) The entitlement of one weeks' paid leave may be taken at anytime within the 52 week period and shall be paid:
- at the employee's ordinary rate of pay for a period not exceeding one week on full pay; or
 - two weeks at half pay or the period of parental leave taken, whichever is the lesser period.

Annual and/or long service leave credits can be combined with periods of parental leave on half pay to enable an employee to remain on full pay for that period.

- (d) Extended parental leave cannot be taken at the same time as the employee's spouse or partner is on maternity or adoption leave except as provided for in subclause (i)(a) of Part D Right to Request of this clause.

(iv) **Applications**

An employee who intends to proceed on parental leave should formally notify their employer of such intention as early as possible, so that arrangements associated with their absence can be made.

- (a) In the case of extended parental leave, the employee should give written notice of the intention to take the leave.
- (b) The employee must, at least four weeks before proceeding on leave, give written notice of the dates on which they propose to start and end the period of leave, although it is recognised in situations of taking custody of a child, little or no notice may be provided to the employee. In such an instance, the employee should notify the employer as early as practicable.
- (c) The employee must, before the start of leave, provide a certificate from a medical practitioner confirming that their spouse or partner is pregnant and the expected date of birth, or in the case of an adoption, an official form or notification on taking custody of the child.
- (d) In the case of extended parental leave, the employee must, before the start of leave, provide a statutory declaration by the employee stating:
- (i) if applicable, the period of any maternity leave sought or taken by his spouse, and
 - (ii) that they are seeking the period of extended parental leave to become the primary care giver of the child.

(v) **Variation after Commencement of Leave**

After commencing parental leave, an employee may vary the period of her/his parental leave, once without the consent of the employer and otherwise with the consent of the employer. A minimum of fourteen days' notice must be given, although an employer may accept less notice if convenient.

- (a) to extend the period of simultaneous maternity, adoption or parental leave use up to a maximum of eight weeks;
- (b) to extend the period of unpaid maternity, adoption or extended parental leave taken for a further continuous period of leave not exceeding 12 months;
- (c) to return to duty for less than the full time hours they previously worked by taking weekly leave without pay.

to assist the employee in reconciling work and parental responsibilities.

- (ii) The employer shall consider the request having regard to the employee's circumstances and, provided the request is genuinely based on the employee's parental responsibilities, may only refuse the request on reasonable grounds related to the effect on the workplace or the employer's business. Such grounds might include cost, lack of adequate replacement staff, loss of efficiency and the impact on customer service.
- (iii) The employee's request and the employer's decision made under (i)(b) and (c) must be recorded in writing.
- (iv) Where an employee wishes to make a request under subclause (i)(c):
 - (a) the employee is to make an application for leave without pay to reduce their full time weekly hours of work
 - (b) such application must be made as early as possible to enable the employer to make suitable staffing arrangements. At least four weeks notice must be given.
 - (c) all requests are to be considered having regard to the terms of NSW Health Policy Directive No. PD2005_154 Maternity Leave – Access to Reduced Hours for Staff Following Return, as amended from time to time.
 - (d) Salary and other conditions of employment are to be adjusted on a basis proportionate to the employee's full time hours of work ie for long service leave the period of service is to be converted to the full time equivalent, and credited accordingly.
 - (e) It should be noted that employees who return from maternity, adoption or parental leave under this arrangement remain full time employees. Therefore the payment of any part time allowance to such employees does not arise.

E Communication During Leave

- (i) Where an employee is on maternity, adoption or parental leave and a definite decision has been made to introduce significant change at the workplace, the employer shall take reasonable steps to:
 - (a) make information available in relation to any significant effect the change will have on the status or responsibility level of the position the employee held before commencing the leave; and
 - (b) provide an opportunity for the employee to discuss any significant effect the change will have on the status or responsibility level of the position the employee held before commencing leave.
- (ii) The employee shall take reasonable steps to inform the employer about any significant matter that will affect the employee's decision regarding the duration of leave to be taken, whether the employee intends to return to work and whether the employee intends to request to return to work on a part-time basis.
- (iii) The employee shall also notify the employer of changes of address or other contact details which might affect the employer's capacity to comply with subclause (i).

Employees shall be granted military leave in accordance with NSW Health Policy Directive No. PD2006_013 Leave to Undertake Defence Force Duties, as amended from time to time.

36. REPATRIATION LEAVE

Ex-servicemen/women shall be granted repatriation leave in accordance with NSW Health Policy Directive No. PD2006_095 Special Leave, as amended from time to time.

37. SICK LEAVE

- (i) Subject to the following limitation and conditions an employee shall be entitled to sick leave on full pay calculated by allowing 76 rostered ordinary hours of work for each year of continuous service less any sick leave on full pay already taken. Such sick leave shall be granted, in advance, at the commencement of each year of service, subject to the provisions of paragraph (a):
 - (a) An employee shall be granted sick leave progressively for the first 3 months of continuous service. At the completion of three months continuous service the employee shall be granted, in advance, the balance of their first year of entitlement of sick leave.

- b) An employee shall not be entitled to sick leave on full pay for any period in respect of which such employee is entitled to accident pay, or workers' compensation; provided, however that where an employee is not in receipt of accident pay, an employer shall pay to an employee, who has sick leave entitlements under this clause, the difference between the amount received as workers compensation and full pay.

The employee's sick leave entitlement under this clause shall, for each week during which such difference is paid, be reduced by the proportion of hours which the difference bears to full pay. On the expiration of available sick leave, weekly compensation payments only shall be payable.

- (c) All periods of sickness shall be certified to by the Medical Superintendent or Director of Nursing of the employer or by the employee's own legally qualified medical practitioner or dentist. The employer may dispense with the requirement of a medical certificate where the absence does not exceed 2 consecutive days or where, in the employer's opinion, the circumstances are such as not to warrant such requirement.
 - (d) Each employee shall, as soon as reasonably practicable and in any case within 24 hours of the commencement of such absence, inform the employer of his or her inability to attend for duty and as far as possible state the nature of the injury or illness and the estimated duration of the absence.
 - (e) Where an employee is absent on sick leave for a total of 10 working days in any one year of service and has no sick leave entitlement carried over from previous years, that employee will continue to be paid for an additional 4 hours even though no sick leave credit might exist. Such additional payment will not affect the subsequent year's sick leave entitlement, ie. it is "special sick leave", not "sick leave in advance" (see NSW Health Policy Directive No. PD2006_094, as amended from time to time).
- (ii) The employer shall not change the rostered hours of an employee fixed by the roster or rosters applicable to the fourteen days immediately following the commencement of sick leave merely by reason of the fact that she or he is on sick leave.
 - (iii) For the purpose of this clause "Service" means service in the industry of nursing.
 - (iv) For the purpose of this clause continuity of service in the industry of nursing shall not be broken by:
 - (a) absences from such industry on account of illness;
 - (b) periods of absences from such industry immediately following termination of employment, in respect of which employment a pro rata payment has been made for annual leave or long service leave, but not exceeding the period the employee would have been required to work to earn as salary an amount equal to such pro rata payment;

- (c) absence from such industry for the purpose of pursuing a post-graduate course in nursing (ie a course which results in obtaining a certificate, diploma or qualification) whether in Australia or elsewhere; and where the course is pursued outside Australia an employee shall be deemed to be absent for the purpose of pursuing the course throughout the time reasonably occupied travelling to the place of study and return to Australia, the actual duration of the course, a period of three months after completion of the course and before returning to Australia and a period of one month after returning to Australia;
 - (d) any reasonable absence from the industry occasioned by an employee transferring from one employer to another in such industry but not exceeding 28 days on any one occasion;
 - (e) periods of employment nursing in hospitals in New South Wales other than the hospitals covered by this Agreement and in the Canberra Community Hospital and Woden Valley Hospital; provided that this period of absence shall not be counted as service for the purpose of calculating sick leave.
- (v) Part Time Employees : a part time employee shall be entitled to sick leave in the same proportion of the seventy six hours as the average weekly hours worked over the preceding twelve months or from the time of the commencement of employment, whichever is the lesser, bears to thirty-eight ordinary hours. Such entitlements shall be subject to all the above conditions applying to full time employees. Provided that only part time service on and from the beginning of the first pay period to commence on or after 1 January 1970, shall count for the purpose of this subclause.

- (iii) Progression to the second salary point in each grade will occur after 12 months satisfactory service in that grade. Provided that accelerated progression within the 12 month period, or on commencement of employment, may occur where the employer is satisfied that such progression is warranted in an individual case.
- (iv) If dissatisfied with the grade as determined in any individual case, the Association (and other workplace representative) may discuss the matter with the local Health Service management and, if still dissatisfied, may apply for a review of the grading by the Department of Health and the Association at a central level.
- (v) No employee is to suffer a reduction in salary as a result of the implementation of the new structure. 45. TERMINATION OF EMPLOYMENT

- (i) Except for misconduct justifying summary dismissal, the services of an employee shall be terminated only by the following notification periods,

Employee's period of continuous service with the employer at the end of the day the notice is given	Notice Period

- (iv) No employee shall, without the consent of the employer, resign without having given fourteen days notice (or in the case of a Director of Nursing, twenty eight days notice) of intention so to do or forfeiting salary earned during the pay period current at the time of resignation; provided that in no circumstances shall the employee forfeit more than fourteen days pay at the rate prescribed for his or her classification by clause 8, Salaries.
- (v) Employees who have accrued additional days off duty pursuant to subclause (vii) of clause 4, Hours of Work and Free Time, shall be paid for such accrued time at ordinary rate of pay upon termination.
- (vi) Upon the termination of the services of an employee, the employer shall furnish the employee with a written statement, duly signed by or on behalf of the employer, setting out the period of the employment and the capacity in which the employee was employed.

- (iv) Existing provisions with respect to the payment of mixed functions/higher duties allowances shall apply in such circumstances.

47. CONSULTATION REGARDING MAJOR WORKPLACE CHANGE

- (i) In addition to any other consultative arrangements contained in this Agreement, the provisions contained in this clause will also apply.
- (ii) Employer to notify**
 - (a) Where an employer has made a definite decision to introduce major changes in production, program, organisation, structure or technology that are likely to have significant effects on employees, the employer must notify the employees who may be affected by the proposed changes and their Workplace Representatives.
 - (b) **Significant effects** include termination of employment; major changes in the composition, operation or size of the employer's workforce or in the skills required; the elimination or diminution of job opportunities, promotion opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations; and the restructuring of jobs. Provided that where this award makes provision for alteration of any of these matters an alteration is deemed not to have significant effect.
- (iii) Employer to discuss change**
 - (a) The employer must discuss with the employees affected and their representatives, if any, the introduction of the changes referred to in subclause (ii) the effects the changes are likely to have on employees and measures to avert or mitigate the adverse effects of such changes on employees and must give prompt consideration to matters raised by the employees and their Workplace representatives in relation to the changes.
 - (b) The discussions must commence as early as practicable after a definite decision has been made by the employer to make the changes referred to in subclause (ii).
 - (c) For the purposes of such discussion, the employer must provide in writing to the employees concerned and their Workplace representatives, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees and any other matters likely to affect employees provided that no employer is required to disclose confidential information the disclosure of which would be contrary to the employer's interests.

48. DISPUTES

- (i) All parties must use their best endeavours to cooperate in order to avoid any grievances and/or disputes. A dispute may be about any matter.
- (ii) Where a dispute arises in any public hospital or public health organisation, regardless of whether it relates to an individual nurse or to a group of nurses, the matter must be discussed in the first instance

by the nurse(s) (or the Association or another workplace representative on behalf of the nurse(s) if the nurse(s) so request(s)) and the immediate supervisor of that nurse(s).

- (iii) If the matter is not resolved within a reasonable time it must be referred by the nurse(s)' immediate supervisor to the Chief Executive Officer of the employer (or his or her nominee) and may be referred by the nurse(s) to the Association or their workplace representative. Discussions at this level must take place and be concluded within 2 working days of referral or such extended period as may be agreed.
 - (iv) If the matter remains unresolved, the Association or their workplace representative must then confer with the appropriate level of management (ie. at Public Hospital/Area Health Service or Public Health organisation/Department level, depending on the nature and extent of the matter). Discussions at this level must take place and be concluded within two working days of referral or such extended period as may be agreed.
 - (v) If a dispute is unable to be resolved at the workplace, and all appropriate steps under paragraphs (i)-(iv) have been taken, a party to the dispute may refer the dispute to the Industrial Relations Commission of New South Wales ("the IRC of NSW"). Unless the parties agree otherwise, the IRC of NSW is expressed permitted by this Agreement to perform any function that it considers appropriate to ensure the settlement of the dispute. Without limiting the scope of such functions, they shall include mediation, conciliation and/or arbitration. An employer or employee may appoint another person, organisation or association to accompany and/or represent them for the purposes of this clause.
 - (vi) During these procedures normal work must continue and there must be no stoppages of work, lockouts, or any other bans or limitations on the performance of work.
 - (vii) The status quo before the emergence of the issue must continue whilst these procedures are being followed. For this purpose 'status quo' means the work procedures and practices in place:
 - (a) immediately before the issue arose; or
 - (b) immediately before any change to those procedures or practices, which caused the issue to arise, was made.
- The Employer must ensure that all practices applied during the operation of these procedures are in accordance with safe working practices.
- (viii) Throughout all stages of these procedures, adequate records must be kept of all discussions.
 - (ix) These procedures will be facilitated by the earliest possible advice by one party to the other of any issue or problem which may give rise to a grievance or dispute.

49. ANTI-DISCRIMINATION

- (i) It is the intention of the parties bound by this Agreement to seek to achieve the object of section 3(f) of the *Industrial Relations Act 1996* to prevent and eliminate discrimination in the workplace. This includes discrimination on the grounds of race, sex, marital status, disability, homosexuality, transgender identity and age.
- (ii) It follows that in fulfilling their obligations under the dispute resolution procedure prescribed by this Agreement the parties have obligations to take all reasonable steps to ensure that the operation of the provisions of this Agreement are not directly or indirectly discriminatory in their effects. It will be consistent with the fulfilment of these obligations for the parties to make application to vary any provision of the Agreement which, by its terms or operation, has a direct or indirect discriminatory effect.
- (iii) Under the *Anti-Discrimination Act 1977*, it is unlawful to victimise an employee because the employee has made or may make or has been involved in a complaint of unlawful discrimination or harassment.
- (iv) Nothing in this clause is to be taken to affect:
 - (a) any conduct or act which is specifically exempted from anti-discrimination legislation;
 - (b) offering or providing junior rates of pay to persons under 21 years of age;

- (c) any act or practice of a body established to propagate religion which is exempted under Section 56(d) of the *Anti-Discrimination Act 1977*;
- (d) a party to this Agreement from pursuing matters of unlawful discrimination in any State or Federal jurisdiction.
- (v) This clause does not create legal rights or obligations in addition to those imposed upon the parties by legislation referred to in this clause.

NOTES-

(a) Employers and employees may also be subject to Commonwealth anti-discrimination legislation.

(b) Section 56(d) of the *Anti-Discrimination Act 1977* provides:

“Nothing in this Act affects any other act or practice of a body established to propagate religion that conforms to the doctrines of that religion or is necessary to avoid injury to the religious susceptibilities of the adherents of that religion”.

50. EXEMPTION

This clause shall no longer apply

51. SALARY PACKAGING

- (i) By agreement with their employer, employees may elect to package a part or all of their salary in accordance with this clause, to obtain a range of benefits as set out in NSW Policy Directive PD2007_076 Salary Packaging Policy and Procedure Manual, as amended from time to time. Such election must be made prior to the commencement of the period of service to which the earnings relate. Where an employee also elects to salary sacrifice to superannuation under this Agreement, the combined amount of salary packaging/sacrificing may be up to 100 per cent of salary.

Any salary packaging above the fringe benefit exemption cap will attract fringe benefits tax as described in paragraph (iv) below.

- (ii) Where an employee elects to package an amount of salary:
 - (a) Subject to Australian taxation law, the packaged amount of salary will reduce the salary subject to appropriate PAYG taxation deductions by that packaged amount.
 - (b) Any allowance, penalty rate, overtime payment, payment for unused leave entitlements, weekly worker’s compensation, or other payment other than any payment for leave taken in service, to which an employee is entitled under this Agreement or statute which is expressed to be determined by reference to an employee’s salary, shall be calculated by reference to the salary which would have applied to the employee under this Agreement in the absence of any salary packaging or salary sacrificing made under this Agreement.
 - (c) “Salary” for the purpose of this clause, for superannuation purposes, and for the calculation of Agreement entitlements, shall mean the Agreement salary as specified in Clause 9, Salaries, and which shall include “approved employment benefits” which refer to fringe benefit savings, administration costs, and the value of packaged benefits.
- (iii) Any pre-tax and post-tax payroll deductions must be taken into account prior to determining the amount of available salary to be packaged. Such payroll deductions may include but are not limited to superannuation payments, HECS payments, child support payments, judgement debtor/garnishee orders, union fees and private health fund membership fees.
- (iv) The salary packaging scheme utilises a fringe benefit taxation exemption status conferred on public hospitals and area health services, which provides for a fringe benefits tax exemption cap of \$17,000 per annum. The maximum amount of fringe benefits-free tax savings that can be achieved under the scheme is where the value of benefits when grossed-up, equal the fringe benefits exemption cap of

\$17,000. Where the grossed-up value exceeds the cap, the employer is liable to pay fringe benefits tax on the amount in excess of \$17,000, but will pass on this cost on to the employee. The employer's share of savings, the combined administration cost, and the value of the packaged benefits, are deducted from the pre-tax dollars.

- (v) The parties agree that the application of the fringe benefits tax exemption status conferred on public hospitals and area health services is subject to the prevailing Australian taxation laws.
- (vi) If an employee wishes to withdraw from the salary packaging scheme, the employee may only do so in accordance with the required period of notice as set out in the Salary Packaging Policy and Procedure Manual.
- (vii) Where an employee ceases to salary package, arrangements will be made to convert the agreed package amount to salary. Any costs associated with the conversion will be borne by the employee, and the employer shall not be liable to make up any salary lost as a consequence of the employee's decision to convert to salary.
- (viii) Employees accepting the offer to salary package do so voluntarily. Employees are advised to seek independent financial advice and counselling to apprise them of the implications of salary packaging on their individual personal financial situations.
- (ix) The employer and the employee shall comply with the procedures set out in the NSW Health Services Salary Packaging Policy and Procedure Manual as amended from time to time.

52. DEDUCTION OF UNION MEMBERSHIP FEES

- (i) The union shall provide the employer with a schedule setting out union fortnightly membership fees payable by members of the union in accordance with the union's rules.
- (ii) The union shall advise the employer of any change to the amount of fortnightly membership fees made under its rules. Any variation to the schedule of union fortnightly membership fees payable shall be provided to the employer at least one month in advance of the variation taking effect.
- (iii) Subject to (i) and (ii) above, the employer shall deduct union fortnightly membership fees from the pay of any employee who is a member of the union in accordance with the union's rules, provided that the employee has authorised the employer to make such deductions.
- (iv) Monies so deducted from employees' pay shall be forwarded regularly to the union together with all the necessary information to enable the union to reconcile and credit subscriptions to employees' union membership accounts.

"Regularly" shall be defined as monthly except where the practice and protocol of an employer at the time of this variation (March 2002) was fortnightly.

- (v) Unless other arrangements are agreed to by the employer and the union, all union membership fees shall be deducted on a fortnightly basis.
- (vi) Where an employee has already authorised the deduction of union membership fees from his or her pay prior to this clause taking effect, nothing in this clause shall be read as requiring the employee to make fresh authorisation in order for such deductions to continue.

53. REASONABLE WORKLOADS FOR NURSES

- (i) To assist in providing a sustainable health system for the people of NSW that not only meets present health needs but also plans for the health needs of the future, reasonable workloads for nurses are required. The employer has a responsibility to provide reasonable workloads for nurses.

- (ii) **Reasonable workload principles**

The following principles shall be applied in determining or allocating a reasonable workload for a nurse:

- (a) the workload assessment, based on the agreed tools or agreed principles and guidelines, will take into account measured demand by way of clinical assessment, including acuity; skill mix,

including specialisation where relevant; and geographical and other local requirements/resources;

- (b) the work performed by the employee will be able to be satisfactorily completed within the ordinary hours of work assigned to the employee in their roster cycle;
- (c) the work will be consistent with the duties within the employee's classification description and at a professional standard so that the care provided or about to be provided to a patient or client shall be adequate, appropriate and not adversely affect the rights, health or safety of the patient, client or nurse;
- (d) the workload expected of an employee will not be unfair or unreasonable having regard to the skills, experience and classification of the employee for the period in which the workload is allocated;
- (e) an employee will not be allocated an unreasonable or excessive nursing workload or other responsibilities except in emergency or extraordinary circumstances of an urgent nature;
- (f) an employee shall not be required to work an unreasonable amount of overtime;
- (g) an employee's workload will not prevent reasonable and practicable access to Learning and Development Leave, together with 'in-house' courses or activities, and mandatory training and education;

(iii) **Reasonable Workload Tools or Agreed Principles and Guidelines**

SECTION I: General

- (a) The Association and the Department agree that the workload calculation tool and agreed principles and guidelines are a means to facilitate informed discussion and decision making about reasonable workloads for nurses, rather than being an end in itself.
- (b) The Association and the Department agree that one workload calculation tool is presently not capable of meaningfully applying to every nursing context within the public health system.

SECTION II: General Workload Calculation Tool

- (a) The Association and the Department have reached agreement on the name and key characteristics of the interim general workload calculation tool for nursing to be implemented in medical and surgical inpatient wards in acute public hospitals. The interim general workload calculation tool will be known as the general workload calculation tool.
- (b) The general workload calculation tool possesses the following key characteristics:
 - 1. Value of the nursing weight - In applying the general workload calculation tool, a nursing weight of 1 is equal to 4.8 nursing hours per patient day (NHPPD).
 - 2. Average nursing intensity - For each ward or unit in which the tool is applied, the average nursing intensity for that ward or unit is obtained by applying AN-DRGs case mix data for all patients in the ward, viz, the data is to be comprehensive, validated, and for a uniform period. The AN-DRG Version 4.1 Nursing Service Weights are applied.
 - 3. Occupancy rate – The application of average annual occupancy rates in the general workload calculation tool is:
 - for wards/units with occupancy rates 85% and over – a rate of 100% applies;
 - for wards/units with occupancy rates between 75% and 84.9% - a rate of 85% applies; and
 - for wards/units with an occupancy rate below 75% - the actual occupancy rate applies.

The occupancy rate is the percentage count of the number of inpatients accommodated at around midnight each day, as recorded in the 'Daily Record Book' (or its computerised equivalent), divided by available beds, on an annualised basis."

4. Available beds – The average number of available beds is calculated, to account for changes in this figure during the course of a year.
5. Length of shifts – The length of shifts reflects those rostered to be worked in the ward or unit.
6. Minimum staffing levels - Use of the general workload calculation tool does not displace present minimum staffing requirements to ensure safe systems of work and patient safety.
7. Coverage - The general workload calculation tool is applied to calculate staffing levels for those nursing staff providing direct clinical care. It is not applied to positions such as Nursing/Midwifery Unit Manager, Clinical Nurse Educator/Clinical Midwife Educator, Clinical Nurse Consultant/Clinical Midwife Consultant, dedicated administrative support staff and wards persons.
8. Application and monitoring – the general workload calculation tool will be applied to the ward or unit on an annual basis, and with the ability for the Nursing/Midwifery Unit Manager to monitor monthly.
9. Relief for Annual leave – The annual leave 'relief' factored into the tool reflects the annual leave entitlements under this Agreement for the employees arising from their actual shift patterns. However, this figure may be adjusted when applying the tool at ward level for planned periods of low activity or annual ward closures that mean less leave relief is required.

If circumstances arise whereby the planned periods of low activity or annual ward closures do not take place, the general workload calculation tool should be applied again in light of those altered circumstances and staff deployment.

10. Relief for Sick Leave, FACS Leave and Mandatory Education - To account for these factors, a figure of two weeks (equating to 76.0 hours based on a 38 hour week) per annum is factored into the general workload calculation tool. This figure is subject to joint review by the Association and the Department, on request by either party.
11. Other factors – In agreeing that the tool is a means of facilitating informed discussion and decision making about nursing workloads, there are a range of other factors to consider. These factors include but need not be limited to patient type (for example, high dependency patients, day only patients, patients requiring close observation, patients awaiting nursing home placement); the available level of support staff (ward clerks, lifting teams etc); teaching and research activities; provision of nurse escorts; emergency presentations in smaller facilities; and ward geography.

Staffing of wards/units will be planned using 1 = 4.8 NHPPD as the value of the nursing weight. It is recognised that application of this value will be subject to variation to account for these other factors or over shorter periods of time. If there is continued variation from this value in practice, the issue will be considered by the relevant reasonable workload committee.

12. Exclusions - the general workload calculation tool is not to be applied to:
 - intensive care units;
 - high dependency units;
 - specialty designated coronary care units;
 - specialist burns units;
 - emergency departments;
 - operating theatres;
 - midwifery services;
 - intensive care mental health units;
 - mental health admitted patient units
 - community nursing;
 - community mental health nursing; and

Multi-Purpose Services.

- (c) The Association and the Department agree that the name and key characteristics of the general workload calculation tool may be amended by agreement from time to time, and the Agreement will be varied to reflect the amendment.

SECTION III: Australian Confederation of Operating Room Nurses (ACORN)

- (a) The Association and the Department agree that in the interim the ACORN 2002 standards will be implemented in operating rooms. The parties agree that because these standards have been established and used for a number of years, the key characteristics are not included in this Agreement.

SECTION IV: Birthrate Plus

- (a) Birthrate Plus is a framework for workforce planning and strategic decision making and has been in extensive use in UK maternity units.
- (b) A project has commenced to adapt and modify Birthrate Plus to reflect the NSW Health environment. The first phase of the project is designed to field test the data collection tool for validity and reliability in the NSW setting, leading to adaptation and subsequent adjustment of the workforce calculations. Once this is done, it is planned to investigate State-wide implementation. The Association and the Department will participate in this project and continue to monitor progress to ensure timely introduction of a workload acuity calculation tool based on Birthrate Plus.

SECTION V: Inpatient Mental Health Principles & Guidelines

- (a) The Association and the Department have agreed that the following principles and guidelines will apply from 26 June 2007 in all inpatient mental health units and be used by managers in the evaluation of nursing staff levels and for the Reasonable Workload Committees to assess and manage identified workloads issues.
- (b) Inpatient mental health units include but are not limited to:
- *Acute Adult;*
 - *Closed / Open Units;*
 - *Forensic Units;*
 - *Child & Adolescent Units;*
 - *Older Adult;*
 - *Co-located Units;*
 - *Stand alone Units;*
 - *Psychiatric Emergency Care Centres (PECC);*
 - *Rehabilitation;*
 - *Extended Care Units.*
- (c) When determining the nursing productive FTE the following should be considered:
1. The previous 12 months activity should be used as a guide unless the unit has had a significant change in activity, presentation number or type, or where a new model of care has commenced which has impacted on the type of presentation or length of stay;
 2. Staff assessment will be based on comparisons to the FTE utilised in the individual unit in the previous year, using the monitoring reports, in conjunction with professional judgement and information on known workload issues;
 3. Categories =
 - The number of inpatients requiring 1 staff or more to 1 patient
 - The number of inpatients requiring close observation
 - The number of inpatients requiring sighting at regular intervals
 - The number of inpatients nearer to going home;

4. Level & frequency of aggressive behaviour displayed by patients and based on clinical risk assessment;
 5. Level of suicidal behaviour displayed by patients (see MH-OAT risk level);
 6. Level of vulnerability / potential of exploitation from others (such as sexual safety, financial exploitation);
 7. Age of patient and co-morbidities;
 8. Patients with a dual diagnosis;
 9. Type of facility and unit;
 10. Design of unit;
 11. Number of beds available;
 12. Local factors referred to in Paragraph (a) of subclause (ii) Reasonable Workload Principles may include but are not limited to:
 - (i) The available level of support staff (eg ward clerks, medical officers, patient support officers, allied health staff)
 - (ii) Teaching and research activities
 - (iii) Provision of nurse escorts
 - (iv) Ward geography.
 - (v) Data entry/documentation including MH-OAT.
- (d) When determining the nursing non-productive FTE required:
1. No less than six weeks (30 days) annual leave relief per productive FTE for staff working shift work and no less than 4 weeks (20 days) for non-shift workers must be included.
 2. No less than two weeks (10 days) of sick/FACS leave and mandatory education relief per productive FTE must be included.
 3. Replacement for long service leave and paid maternity leave should not be considered part of the funded FTE unless additional FTE is set aside for this purpose. Traditionally funding for this replacement is managed at a central cost centre for a facility or service (this must be determined prior to finalising established FTE).
 4. Assess impact on staff for workers' compensation / return to work programs on the FTE required.
- (e) General
1. Nursing/Mdwifery Unit Managers, Clinical Nurse Educators/Clinical Midwife Educators, Clinical Nurse Consultants/Clinical Midwife Consultants and Nurse/Midwife Practitioners do not carry a direct clinical load.
 2. Consideration should be given to the evolution of future clinical roles in nursing.
 3. Consideration should be given to the additional responsibilities related to other activities such as the Magistrates Hearing and the Mental Health Review Tribunal and associated escorts.
 4. Consideration should be given to the impact of future legislative requirements on workloads where reasonably known.

SECTION VI: Community Health Principles & Guidelines

- (a) The Association and the Department have agreed that the following principles and guidelines will apply from 26 June 2007 in all Community Health Services and be used by managers in the evaluation of nursing staff levels and for the Reasonable Workload Committees to assess and manage identified workloads issues.
- (b) The current agreed average 'face-to-face' ratio in the Community Health Service (CHS) shall be used as the starting point for consideration of staffing levels where indications are that staffing numbers are insufficient to manage the workload.
- (c) Funded / budgeted FTE must include no less than four weeks (20 days) of annual leave relief per productive FTE. Where staff are required to work shift work or weekends then no less than six weeks (30 days) should be included. Managers are responsible for scheduling annual leave equitably throughout the year to manage leave liabilities and to prevent unreasonable increased workload for remaining employees arising from the taking of leave.
- (d) Funded / budgeted FTE must include no less than two weeks (10 days) of sick / FACS leave relief and mandatory education relief per productive FTE. Cost centres with child and family services must include an additional day to accommodate mandatory education leave for child protection.

Funded FTE available for relief of sick / FACS / mandatory education is to be utilised as required when this leave is taken rather than used for permanent employment.

- (e) Replacement for long service leave and paid maternity leave should not be considered part of the funded FTE unless additional FTE is set aside for this purpose. Traditionally funding for this replacement is managed at a central cost centre for a facility or service.
- (f) Assess impact on staff for workers' compensation / return to work programs on the FTE required.
- (g) Existing appointed positions, eg. CNCs and managers, must be maintained in their current role, and except in the case of emergencies, shall not be routinely used to cover nursing shortages in the general workload areas.

To ensure this occurs, each appointed position should have a position description that defines the scope and requirements of their primary role.

Leave relief for these positions is required in the funded FTE.

- (h) Induction programs including preceptorship should be in place to adequately supervise new staff. These programs would include a reasonable number of "supernumerary" hours followed by appropriate allocation of patients according to the complexity of need and the new staff's level of training. The ability to consult senior staff by phone should be ensured, particularly during induction.

Funded FTE should incorporate a reasonable number of additional Hours for this purpose based on historical turnover rates.

- (i) Community Health Services must have the ability to maintain a "pool" of casual staff to manage unplanned leave and vacancies or a sudden and unanticipated increase in workload.
- (j) Reasonable deployment within individual Community Health Services to address uneven workload distribution should occur as a day-to-day management strategy. However this should not be seen as a method of covering unfilled vacancies or ongoing sick leave.

Long term demographic trends may result in adjustment of boundaries to enable existing staffing to better accommodate the needs of the community while still maintaining composition of their team.

- (k) Appropriate hours for case management should be included in the Funded FTE to maintain a safe and holistic level of care for patients. This principle is inherent in the needs for patients in the community.

- (l) Appropriate time for travel in the context of the local geography and traffic conditions must be factored into hours required for clinical workload.
- (m) In accordance with occupational health and safety principles, hazards must be eliminated or controlled, appropriate loading facilities must be provided, to enable restocking of clinical supplies and equipment.
- (n) Nursing hours utilised in carrying out non clinically related activities eg. servicing of vehicles should be monitored, quantified and incorporated into the FTE required for a given service CHS.
- (o) This list indicates minimum requirements only and will be reviewed 12 months post implementation by the Nursing Workload State-wide Steering Committee after consultation with community health managers and clinicians.

SECTION VII: Emergency Departments

- (a) The Association and the Department have agreed that the following principles and guidelines will apply from 26 June 2007 in Emergency Departments and be used by managers in the evaluation of nursing staff levels and for the Reasonable Workload Committees to assess and manage identified workloads issues.
- (b) When determining the nursing productive FTE required:
 1. The previous 12 months activity should be used unless the ED has had a significant change in activity, presentation number or type, or where a new model of care has commenced which has impacted on the type of presentation or Length of Stay.
 2. Staff assessment will be based on comparisons to the FTE Utilised in the individual ED in the previous year in conjunction with professional judgement, incorporating anecdotal information on known workload issues.
 3. Consideration needs to be given to local factors affecting workload. This may have the potential to increase the required FTE over and above that indicated by activity.
- (c) When determining the nursing non-productive FTE required:
 1. No less than six weeks (30 days) annual leave relief per productive FTE for staff working shift work and no less than 4 weeks (20 days) for non-shift workers must be included.
 2. No less than two weeks (10 days) of sick/FACS leave and mandatory education relief per productive FTE must be included.
 3. Replacement for long service leave and paid maternity leave should not be considered part of the required FTE. Traditionally funding for this replacement is managed at a central cost centre for a facility or service.
 4. Assess the impact on staff for workers' compensation / return to work programs on FTE required.
- (d) General
 1. All level 5 and 6 Emergency Departments to have a dedicated shift coordinator on all shifts in addition to the FTE required for clinical activity. The requirement for additional FTE for the Shift Coordinator in Levels 1 to 4 Emergency Departments is at the discretion of the facility after due consideration of the historical and anticipated activity for each shift of the week
 2. There is to be an identified triage nurse on every shift.
 3. Provision must be made for the coverage of community retrievals and participation in the facility Cardiac Arrest Team. This should be based on recent historical activity.
 4. Where an Emergency Department has a dedicated Psychiatric Emergency Care (PEC) Unit, mental health specialist nurses must staff it. The FTE required for appropriate

coverage of the PEC Unit is in addition to the requirement for the main sections of the Emergency Department.

5. The facility must have a contingency plan to backfill nurses in the event that they are called out as part of a disaster team.
6. This list indicates minimum requirements only and will be reviewed 12 months post implementation by the Nursing Workload State-wide Steering Committee after consultation with Emergency Department and clinicians.

(iv) Role of reasonable workload committees

- (a) Reasonable workload committees shall be established to facilitate consultation on reasonable workloads for nurses, together with the provision of advice and recommendations to management. Aspects of reasonable workload may include, but need not be limited to, nursing workloads generally, the provision of specialist advice, training, and planning for bed or ward closures or openings as they relate to nursing workloads. It is intended that the committees, by their operation, will make a positive contribution to the workload of nurses. Reasonable Workload Committees are a mechanism to provide for informed discussions at the local level and encourage the resolution where possible of any workload disputes at this level in the first instance.
- (b) The committees by their operation shall not alter the rights and obligations of management to decide nursing workload matters.
- (c) Public hospitals, mental health facilities and multi purpose sites shall monitor the implementation of reasonable workloads for nurses using the agreed Monitoring System in all inpatient wards/units.

Monthly and annual reports generated by the Monitoring System shall be provided to the Reasonable Workload Committee to ensure the committees have the information they need to assess workload issues.

In areas where the NSW Health Department and the Association have agreed that the Monitoring System cannot apply, relevant available data pertaining to workloads will be collected and collated for the use of reasonable workload committees.

- (d) It is intended that the reasonable workload committees provide a structured and transparent forum for all nurses to be genuinely consulted about workload matters through an appropriate mechanism; contribute to the decision making process; and have the ability to resolve disputes about workloads, should they arise, through the committee process and provisions in this Agreement.

(v) Structure of reasonable workload committees

- (a) Upon request by the Association, nurse(s) employed in a public hospital, or health service or the employer, a reasonable workload committee shall be established for the relevant public hospital or health service. Such requests shall be made to the Chief Executive Officer of the Health Service. Where circumstances warrant and are conducive to the efficient delivery of services, a reasonable workload committee may be established by agreement between the Association and the employer that covers more than one public hospital or health service.
- (b) Upon request by the Association or an employer a reasonable workload committee shall also be established for the relevant Area Health Service or Statutory Health Corporation.
- (c) Each reasonable workload committee shall comprise equal representation of employees and the employer. Employee representation shall be determined by the Association, in consultation with other workplace representatives. Employer representation shall be determined by the employer as appropriate. Committee size will be determined by agreement between the Association and the employer. Every endeavour shall be made to minimise the size of the workload committee, with provision to co-opt additional assistance that may be required on an 'as needs' basis.
- (d) The committees shall meet with a frequency determined by each committee, having regard to issues and information to hand.

- (e) The committee members and the parties they represent shall make every endeavour to reduce or eliminate any duplication of subject matter and coverage with pre-existing structures and consultative mechanisms. Every effort shall also be taken to ensure the most efficient meeting arrangements are instituted for operation of the committees and to minimise disruption to nurses' rosters. The committee members and the parties they represent shall make every endeavour to ensure that any additional time and information imposts arising from the operations of the committee are minimised.
 - (f) To enable members of reasonable workload committees to discharge the committee's role and carry out their responsibilities, attendance at committee meetings and reasonable preparation time shall be deemed to be time on duty and remunerated accordingly. Wherever possible, this time shall occur during the ordinary hours of work.
- (vi) Grievances in relation to workload
- (a) Notwithstanding the provisions specified in sub-clauses (ii) to (iii) of Clause 48 – Disputes in this Agreement, the following procedure will apply to resolve workload grievances or staffing grievances directly arising from nursing workload issues.
 - (b) A grievance in relation to such matter shall first be raised at the local ward/unit level with the Nursing/Midwifery Unit Manager responsible (or the appropriate manager).
 - (c) If the matter remains unresolved, it should be referred to the appropriate Nurse/Midwife Manager, Director of Nursing or Area Director of Nursing, depending on the nursing executive structure of the public hospital, health service or public health organisation in which the grievance has arisen.
 - (d) If the matter remains unresolved, it should be referred to the appropriate public hospital/health service/public health organisation reasonable workload committee for consideration and recommendation to management. If the matter cannot be resolved by this committee, the issue may be referred an Area Health Service or Statutory Health Corporation committee under subclause (v) (b).
 - (e) If the matter remains unresolved, it should be dealt with in accordance with the provisions of sub-clauses (iv) to (ix) of Clause 48 – Disputes in this Agreement.

- (viii) On loan arrangements may apply to full-time or part-time staff and are to be kept to the minimum time required. Where the Association needs to extend an on loan arrangement, the Association shall approach the Chief Executive in writing for an extension of time well in advance of the expiration of the current period of on loan arrangement.

H. Responsibilities of the Trade Union

55. LEARNING AND DEVELOPMENT LEAVE

(i) **Definitions**

The following definitions apply in this clause:

"Learning and Development Leave" includes leave granted to undertake tertiary studies at an accredited education institution and includes leave for examinations, or leave granted to attend external activities, such as conferences, seminars and short courses. Employees may also attend lectures, tutorials, conferences or seminars on days they are not rostered for duty, for which no payment is made.

Leave is not required for the following types of employer-supported learning activities that are undertaken by employees on a routine basis, and at which employees are considered to be 'on duty':

- in-house courses or activities
- mandatory training and education.

"Educational institutions" are those accredited to provide undergraduate and/or postgraduate tertiary studies that culminate in a recognised academic and/or professional qualification including a degree, diploma or certificate.

(ii) **General**

- (a) Learning and development is a shared responsibility between the organisation and the individual. Employees should be prepared to pursue their own development and the organisation should promote an environment that supports individual initiative.
- (b) The Director-General of Health is responsible for setting policy direction to ensure that all employees receive appropriate learning opportunities.
- (c) Chief Executives of Health Services are responsible and accountable for ensuring that employees receive appropriate learning opportunities in line with the present and future needs of the Health Service. Chief Executives are also responsible for allocating an appropriate budget for learning activities, which may include replacement costs for rostered staff who are on leave to attend an approved workshop, conference or tertiary studies.
- (d) Managers and supervisors are responsible and accountable for promoting and supporting learning activities for staff in their area of responsibility. Managers and supervisors are also responsible for arranging replacement staff, when necessary, for employees who may be attending learning activities. Managers and supervisors must advise all employees of the protocol for review procedures relating to non-approval of Learning and Development Leave.
- (e) Nurses wishing to attend a part time postgraduate course of study who are working shiftwork are to be given priority in being released from rostered shifts to attend lectures/tutorials where there are no alternative and feasible attendance options. Replacement of staff should be provided where appropriate. This applies only to further studies that lead to a recognised clinical qualification.
- (f) Employees are responsible for meeting all fees/costs associated with tertiary studies and fees associated with other educational activities unless the Health Service offers scholarships or other forms of financial assistance.

(iii) **Eligibility**

- (a) Access to Learning and Development Leave is at the discretion of the Health Service. It should be made available to all eligible employees within the Health Service to promote the development of a highly trained, skilled and versatile workforce which is responsive to the requirements of government and Health Service delivery.
- (b) Permanent staff who are full time or part time, and full time temporary employees are eligible to apply for leave. Part time temporary employees and permanent part time employees are granted leave on a pro-rata basis. Casual staff are not eligible for this form of leave.

(iv) **Types and amount of leave**

- (a) Seminars, conferences and short courses
 - (1) The approval of leave and/or financial assistance for attendance at seminars, conferences or short courses should be considered in light of the Health Service strategic plan. Employees may be granted Learning and Development Leave, *or* may be considered on duty depending on the priority for this activity in the light of the Health Service Strategic Plan.
 - (2) The amount of leave is at the discretion of the Health Service. Decisions in relation to financial assistance should be made in the context of the budget and the expected benefits to the Health Service.
- (b) Tertiary Study
 - (1) When developing local learning and Development Leave policy for tertiary study each Health Service will need to advise employees of local approval arrangements.
 - (2) Leave is not to be approved for failed or repeated subjects.
- (c) Face to face

- (1) The amount of leave granted is at the discretion of the Health Service. As a guide, in respect of attendance at an educational institution, employees may be granted 50% of compulsory attendance times up to four hours per week per semester or term.
- (2) The amount of leave to attend examinations should be based on the specific requirements of the individual course. An employee's request not to be rostered to work night shift on the day prior to a scheduled morning examination should, wherever practicable, be agreed to by the Health Service.

(d) Distance Education

An equivalent amount of Learning and Development Leave to that available for face to face study is to be granted to employees undertaking distance education.

(e) Accrual of leave

Learning and Development Leave associated with tertiary studies may be accrued up to a maximum of 5 days per semester or term, and may be accrued until the last examination of the semester, or the last attendance day of the semester if there is no final examination.

(f) Residentials

The amount of leave to attend a compulsory residential program should be based on the specific requirements of the course and should be negotiated at the time of application for Learning and Development Leave.

(g) Thesis/Research or combination Thesis/Research/Coursework

Periods of leave may also be granted to employees undertaking higher degrees by thesis, research, coursework, or a combination of same. The amount of leave will be based on four hours per week for each academic year of study. Rather than being taken on a week to week basis the leave is available over the course of study. For example, if the higher degree takes 1 academic year and an academic year is 30 weeks the entitlement for leave would be calculated as 30 weeks x four hours = 120 hours available over the year. If the higher degree takes two years the amount would be 240 hours. All hours are available over the length of the course and may be taken in amounts mutually agreeable between the employee and the Health Service.

(v) **Payment for Leave**

Leave approved pursuant to this clause will be paid at the employee's ordinary rate of salary and excluding penalty rates.

56. CAREER BREAK SCHEME

- (i) The career break scheme allows employees to defer twenty percent of their salary for four years, and be paid this deferred salary in the fifth year.
- (ii) Employees who apply and are approved to participate in the career break scheme will receive 100% of their normal salary for the first four years with a deduction equivalent to 20% of net salary (gross less tax). The 20% of net salary is deposited into a trust account in the employee's name each pay period for payment in the fifth year (the deferred salary leave year) and subject to applicable taxation as required by law.
- (iii) All full time and permanent part time employees are eligible to participate in the career break scheme. Casual and temporary employees are excluded from participation in career break scheme. If a permanent employee is placed into another position by way of temporary engagement or secondment during the four years when salary is being deferred, this will not of itself affect their continued participation in the career break scheme.
- (iv) Each public health organisation will call for expressions of interest from employees seeking to participate in the career break scheme once each calendar year. The timing of the invitation of

applications is to be determined by the public health organisation but in any event will not be later than 30th June 2007 for the initial commencement year.

- (v) Each public health organisation will determine the number of employees that may participate in the career break scheme having regard to service delivery and staffing levels and reserves the right to approve or not approve requests after considering workforce needs. This will be done in consultation with employees. The public health organisation will not unreasonably refuse any application by an employee to participate in the career break scheme.
- (vi) For members of the State Superannuation Scheme (SSS) the public health organisation will maintain the participant's employer contributions for the full five year period at the rate applicable to a person earning full salary for each of the five years. Any required personal superannuation contributions of participants are payable at the rate applicable to 100% of salary for each of the five years.
- (vii) For members of the State Authorities Superannuation Scheme (SASS) the public health organisation will maintain the participant's employer contributions for the full five year period at the rate applicable to a person earning full salary for each of the five years. Any required personal superannuation contributions of participants are payable at the rate applicable to their full salary for each of the five years.
- (viii) For members of other complying funds (eg First State Superannuation, HESTA, HIP) the public health organisation will cease making employer contributions during the deferred salary leave year. The superable salary is deemed to be 100% of the participant's normal salary (both deferred and the remaining 80% paid) for each of the first four years, and superannuation employer contributions are calculated on this basis. In the deferred salary leave year no employer contributions to superannuation are payable for members of these funds.
- (ix) Employees will continue to pay all personal employee superannuation contributions whilst participating in the career break scheme. The amount of such employee contributions is determined by the superannuation scheme/fund to which the employee is contributing and personal contributions during the deferred salary leave year are payable at the rate applicable to the employee's full salary.
- (x) In the deferred salary leave year, salary packaging and payroll deductions will not be available.
- (xi) The five years of the career break scheme will count as service for the accrual of long service leave, sick leave, annual leave, salary increments and other statutory entitlements. Any leave without pay taken by an employee whilst participating in the career break scheme will not count for the purpose of accrual of any leave. For the purpose of determining the leave accrued in the fifth year of the career break scheme (i.e. the deferred salary leave year) for permanent part-time employees, the average of all hours worked (excluding overtime) in the first four years of the career break scheme and including paid leave taken will be used for the basis of making this calculation.
- (xii) If any leave without pay is taken by an employee during the first four years of the career break scheme, the commencement of the deferred salary leave year will be postponed by the time the employee was absent from duty i.e. by the number of days leave without pay taken by the employee.
- (xiii) Employees are entitled to take paid leave during the first four years of the career break scheme, subject to normal approval processes at the public health organisation. Whilst on any paid leave the employee will be paid in accordance with subclause (ii) of this clause.
- (xiv) Employees are not entitled to take any form of leave during the deferred salary leave year, with the exception of Maternity and Adoption leave.

In respect to Maternity or Adoption leave, if the deferred salary year has not yet commenced, the employee may elect to postpone the deferred salary leave year until after the completion of such leave (up to 52 weeks). If the employee elects not to postpone the deferred salary leave year, they are entitled to a lump sum payment of their normal salary for the period of paid maternity/adoption leave. The paid maternity/adoption leave does not extend the deferred salary leave year.

- (xv) There will be no access to the deferred salary until the fifth year unless the employee chooses to withdraw from the career break scheme.
- (xvi) An employee may elect to withdraw from the career break scheme at any time by giving reasonable notice to the employer, and will be paid all monies in the trust account.
